ASSUMPTION OF RISKS: Physical activity, by its very nature, carries with it certain dangers and risks that cannot be eliminated regardless of the great care taken to prevent or minimize harm. IMG has facilities for various sport specific activities such as soccer, golf, tennis, baseball, football and basketball and related activities such as physical training, running, cycling and swimming. Some of these activities involve endurance or strenuous exertions of strength using various muscle groups, some involve quick movements involving speed and change of direction, some involve contact with equipment, fixed objects (e.g. goal posts), other participants (including participants that are older or younger and who may be larger or smaller in terms of weight and height) and various surfaces types, and others involve sustained physical activity that places stress on the cardiovascular and nervous systems. The specific risks vary from one activity to another, but in each activity the risks range from (1) minor injuries such as cuts, bruises, muscle strains and sprains, to (2) major injuries such as broken or fractured bones, concussions, or lost teeth, to (3) catastrophic injuries, such as heart attacks or fractured skull or those that cause disfigurement, loss of mental capacity, loss of sight, speech or hearing, paralysis, or death. I also understand that the Participant may be exposed, or expose others, to contagious and potentially harmful or deadly disease such as influenza, common cold, chicken pox, meningitis, or measles. Participant will also be exposed to risks while traveling (such as in vans when traveling to and from competitions, social events, or the airport), exposure to large crowds (such as at a big competition or a music concert), and exposure to risks related to receipt of treatment for any physical or mental condition.

Participant and Parent/Guardian have read the previous paragraphs and (1) understand the nature of the activities at IMG, (2) understand the demands of those activities relative to the physical condition and skill level of Participant, and (3) appreciate the types of injuries and illnesses and risks related to treatment for any physical or medical condition which may occur as a result of activities that I participate in at IMG. Participant and Parent/Guardian hereby assert that participation in a sport program at IMG and use of their facilities and services is voluntary and that Participant and Parent/Guardian knowingly assume all related risks.

PUBLICITY RELEASE AND CONSENT: Participant and Parent/Guardian consent to all recording, photographing and filming of Participant (the "Recordings") and each agree that IMG can use these Recordings at any time and in any manner without payment to, or additional consent of, Participant or Parent/Guardian and release IMG and its licensee from all claims related to use of the Recordings.
