## GATORADE

- **Hydration** – Part of playing at one's best means staying hydrated. When an athlete fails to replace the fluids and electrolytes lost through sweat, they can become dehydrated. Gatorade re-hydrates better than water by putting the essential electrolytes back into an athlete's body and delivers carbohydrates that energize muscles and the brain. Participants should be instructed about the importance of adequate fluid consumption. Participant's may be training outdoors in a hot and humid climate where dehydration can occur quickly. Gatorade is one of IMG Academy's Premier sponsors, and we have integrated the Gatorade G-Series into our athletes' workout sessions. We want to take each Participant's game to the next level, and Gatorade is committed to helping Participants get there. Sport performance is driven from the inside out, so we are providing free G Series products strategically placed around campus to help athletes "Win from Within".

Participants will find:

- **Gatorade Prime:** Delivers 24g of carbohydrate energy to your muscles quickly, so Participants can own the first move when at practice or during a competition. Available in chews at the Campus Center during breakfast.
- **Gatorade Perform:** Proven hydration to replace what is lost through sweat. Available in coolers at your sport.
- **Gatorade Recover:** Protein to help rebuild muscle. Available in a shake for the end of the day either in the Weight Room or at sport.
