

COURSE REGISTRATION

The course registration process is a multi-step process that supports your educational journey at IMG Academy. Please follow the steps below to complete course registration:

Step 1: Request your student's final transcripts from their current school utilizing the form below

[RECORD REQUEST FORM](#)

It is imperative that students successfully complete all of their coursework at their current school. Please do **NOT** withdraw your student prior to completion of course credit. If this will impact your arrival date, please communicate with your Sport and the Director of Schools: Ashley.Killian@img.education

Step 2: Once your student-athletes official transcript has been received, you will receive a confirmation email from our Registrar's Department.

This email will include a course registration overview video and a link to schedule an appointment with your college counselor.

Step 3: Review our [2023-2024 Curriculum Guide](#) and complete the course registration planning form that corresponds to your grade level. You can find these registration planning forms attached to the email.

Step 4 – Make an appointment with the College Counselor for your sport by using the below link.

Once you are on the booking page please book your appointment with the correct College Counselor listed below. College Counselors are sport specific, so for the best experience it is important for you to book with your Counselor. All appointments will be held on Tuesdays and Wednesdays.

Step 5 – Following the meeting with your college counselor, you will receive a confirmation email to detail the classes that were chosen.

* Please make sure you have reviewed the curriculum guide and course registration planning form in advance of your appointment.

**If you have any issues with the booking link or have questions, you can email your College Counselor using the emails listed below
