

Learning Resource Center (LRC) Support Services

The following services are available for students with identified learning differences or who need additional academic support. Students with identified learning differences are recommended to enroll in the LRC with Comprehensive Support. Students with identified learning differences that need minimal support are recommended to choose Consultative Support. The choice of service is a collaborative decision upon enrollment involving review of student application, parental, student, and administrative and teacher input. Students who are not identified as having a learning difference but require progress monitoring and support are recommended to choose Academic Support Services. Service options are below.
